WHAT'S NEW IN ADULT PROTECTION?

- **What did you tell us?**

From September 2016 – January 2017 the Adult Support & Protection Committee (ASPC) ran two surveys; one on general adult protection information, and another on accessible information.

The Committee have looked at the survey results and agreed an action plan which will help determine future work. To find out more visit: www.fifedirect.org.uk/adultprotection and visit the 'Adult Support & Protection Committee' webpage.

- **Listen to our AP stories**

Last year the ASPC raised awareness of what harm is and how to report it, through a Kingdom Action Campaign on local radio. We used five short stories to describe different harmful situations including the most common forms of harm: neglect, mate crime, financial harm, physical harm and financial abuse from scams. Each story is a minute long and voiced by local people.

They're now available on our webpage: www.fifedirect.org.uk/adultprotection. Click on the 'Listen to our Adult Protection stories' header.

You can now find our Easy Read info more easily at:
